Dear _____,

I'm urging you to support a clean DREAM Act. Dreamers are our teachers, nurses, accountants, and so much more. They strengthen our communities across the state.

We *need* a **clean** Dream Act. This means a just, compassionate path to citizenship for Dreamers unburdened by demands for massive and unnecessary spending on border security.

Our Dreamers *deserve* a **clean** Dream Act. Dreamers are some of the hardest working members of our community. They are ambitious in their pursuit of education, making Dreamers the very people we need to keep and value in our country, and in particular in Nebraska.

We deserve a **clean** Dream Act. We Nebraskans value hard work and family. We are a compassionate, kind state. Nebraskans deserve to be proud of the legislation our state supports, and it should reflect our family values and work ethic. It is important to us that our brothers, sisters, friends, children, and parents are safe and have the opportunity to flourish—whether or not they are Dreamers. But it is the Dreamer population, which has contributed so much to our community, that is now endanger.

A clean DREAM Act would allow Dreamers to continue to live, work, study, and serve in our military. With the March 5th deadline coming up, I urge you to take action to pass a clean DREAM Act. **Help us protect our Dreamers.**

Your constituent,
